

**PACIFICHEM 2021**  
INTERNATIONAL CHEMICAL CONGRESS OF PACIFIC BASIN SOCIETIES

# **NEW FRONTIER OF CHEMICAL PROBES EXPLORING BIOLOGY AND MEDICINE (#350)**

Pacificchem2020 was postponed one year and was supposed to be a hybrid conference in December 2021, but due to the rising number of Covid-19 cases, Pacificchem2021 changed to a fully virtual conference. Although it was a bit hard to overcome time-zone differences, we could manage the sessions quite well. We thanked all the speakers for sharing your works and attendees for joining our sessions. (We apologize for any inconvenience we may have caused.)  
Hope this pandemic will be over soon and gather on-site next Pacificchem congress.
